FICTIONAL WITNESS STATEMENT - TRAINING DOCUMENT

Reference: FIC-2026-0412

Date of statement: 14 March 2026, 10:25

I am the manager of the fictional Riverside Joinery workshop on Mill Street. On Tuesday morning I received a telephone call at 03:05 informing me that the alarm had been triggered. When I arrived at 03:40, the rear door was open and the frame showed marks of a flat tool about two centimetres wide.

Missing items: two cordless drills, one mitre saw, one laser level and a green metal toolbox. Estimated value: 4.300,00 EUR.

I confirm that this statement is accurate to the best of my knowledge.
